

President's Letter 3A

Dear all,

The Special Meeting to consider the proposed loan of up to \$1.1M to replace the wave attenuator and B dock will take place this Saturday at 10:00am at the Clubhouse. There will be a short presentation about the loan with plenty of time to ask questions.

The TOCCA Board and Finance Committee recommend a YES vote.

You have all received a proxy ballot to vote on this loan. If you cannot attend the Special Meeting in person please complete the proxy and return it to the Board secretary, Vickey Testa. The ballots will be audited and counted by Barry Andrews and Osvaldo Gonzalez.

I think that it is important that we have as close to 100% of homeowners voting as possible. This issue affects us all and participation by everyone will indicate your commitment to a cohesive and involved community.

Ian
